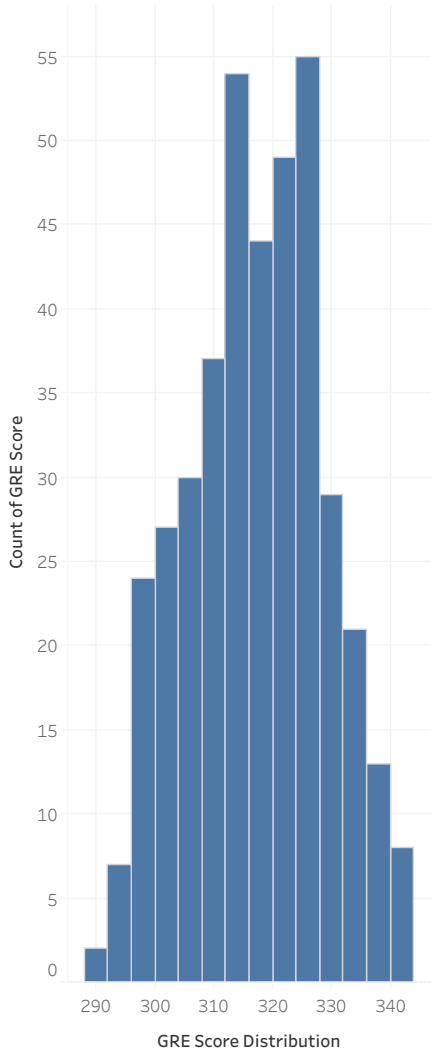
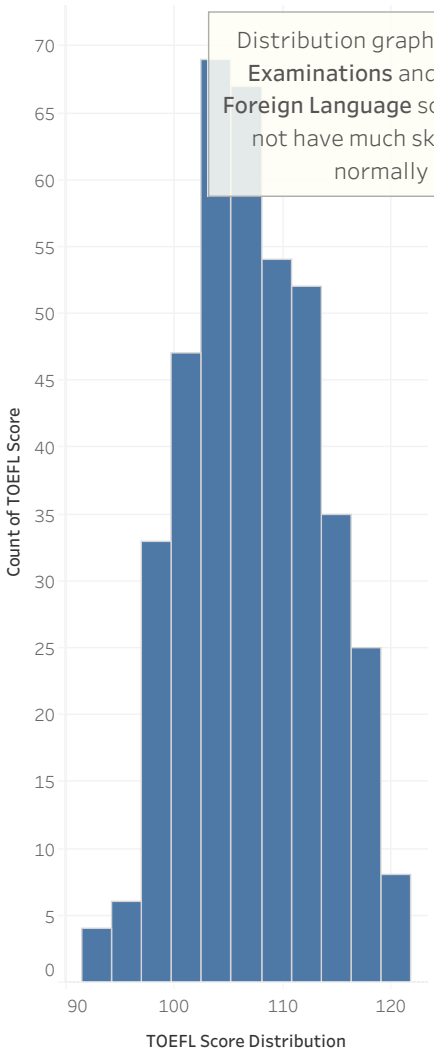
Understanding University Admissions

GRE and TOEFL score distributions.	SOP and LOR score bubble charts.	University rating pie chart.	Research projects completed by student..

GRE SCORE



TOEFL SCORE

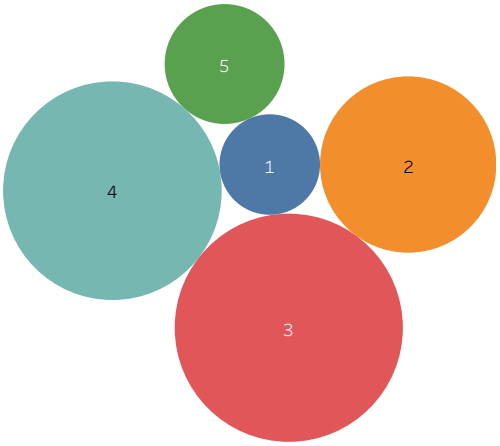


Distribution graphs of **Graduate Record Examinations** and **Test of English as a Foreign Language** scores. Each graph does not have much skew and seems to be normally distributed.

Understanding University Admissions

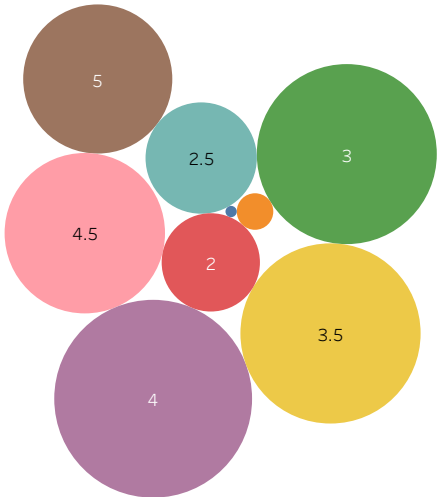
GRE and TOEFL score distributions.	SOP and LOR score bubble charts.	University rating pie chart.	Research projects completed by student..

SOP SCORE



Bubble charts highlighting the different groups for **Standard Operating Procedure** and **Letter of Recomendation** rankings. The bigger the bubble the greater the amount in the dataset.

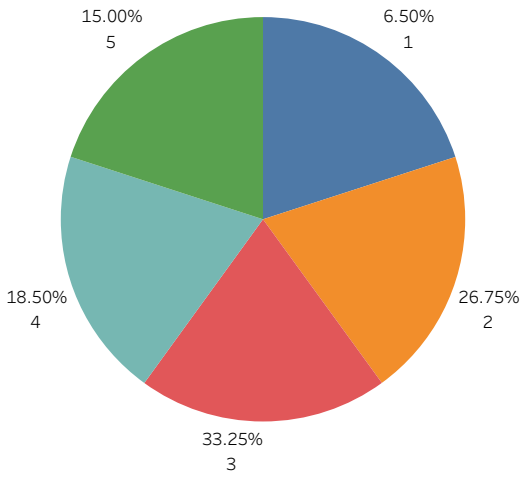
LOR SCORE



Understanding University Admissions

UNIVERSITY RATING

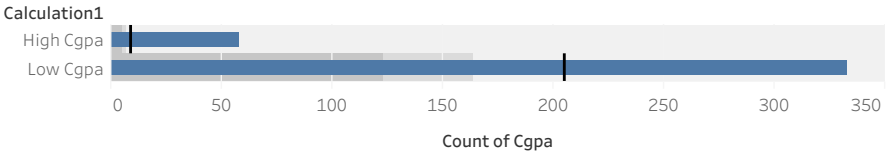
Pie chart showing the different university rankings that students applied for.



Understanding University Admissions

GRE and TOEFL score distributions.	SOP and LOR score bubble charts.	University rating pie chart.	Research projects completed by student..

GPA & RESEARCH



After seperating the Cgpa category into two values; High (> 8.00) and Low (<= 7.99), research studies were counted.
The graph shows that almost all high Cgpa students did not need to do a research project, however many more low Cpga students completed a research project.
